

# San Diego Science Project UC San Diego 2019 Summer Institute

## The Science Classroom Environment: How to Enhance Student Learning

**Summer Institute Dates**  
**June 25-27, 2019**  
**8:00 am – 3:00 pm**

**Saturday Follow-up Days**  
**September 28, 2019**  
**November 2, 2019**  
**9:00 am – 2:30 pm**

### **Facilitators:**

K-12 Teachers from San Diego County Districts

### **Location:**

San Diego County Office of Education Annex C  
6401 Linda Vista Rd., San Diego, CA 92111

**Cost: \$75.00** (Lunch provided each day. All participants will receive the resource book used during the Institute.)

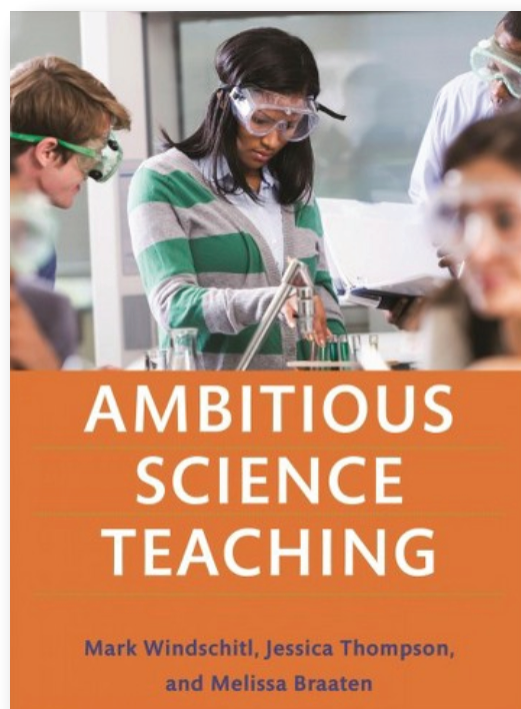

Planning for **ENGAGEMENT** with big science ideas, **ELICITING** students' ideas, **SUPPORTING** ongoing changes in students' thinking, and **DRAWING** together evidence-based explanations are classroom practices that help students from **ALL** backgrounds deeply understand fundamental science ideas.

Using *Ambitious Science Teaching* by Mark Windschitl, Jessica Thompson, and Melissa Braaten as a resource, this institute for grades 3-12 teachers will examine how the classroom environment can be developed around these practices to enhance science learning for **ALL** students.

**Register now for this professional learning experience designed by teachers for teachers.**
