

3rd Annual CRLP Administrator Professional Learning Community

Leadership Breakfast Series

=With a CONTINUED EMPHASIS on ENGLISH LEARNERS=

Join CRLP UC San Diego and other local educational leaders as we explore effective literacy and language instruction **with an emphasis on English learners.**

We will continue to offer opportunities for networking, learning, and sharing among our region's educational leaders.

Participants engage in professional collaborative structures and protocols to explore state documents and local priorities around literacy and academic language development.

Past attendees have used these protocols to replicate professional learning in their local contexts.

We hope **you** will join us to engage in an authentic professional learning community of educators with the same interests, passion, and dedication for raising student achievement.

Sample topics will include:

***Academic language and literacy instruction**

***English Learners' success in meeting the rigor of our current standards**

***Influencing classroom practice for sustained change**
